

Entretiens Jacques Cartier 2012

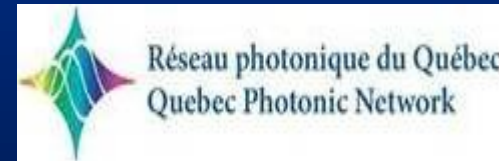

Vers des Technologies de l'Information écologiques et efficaces en consommation énergétique

F. Berthoud, L. Lefèvre, O. Richard
B. Jaumard, C. Tremblay

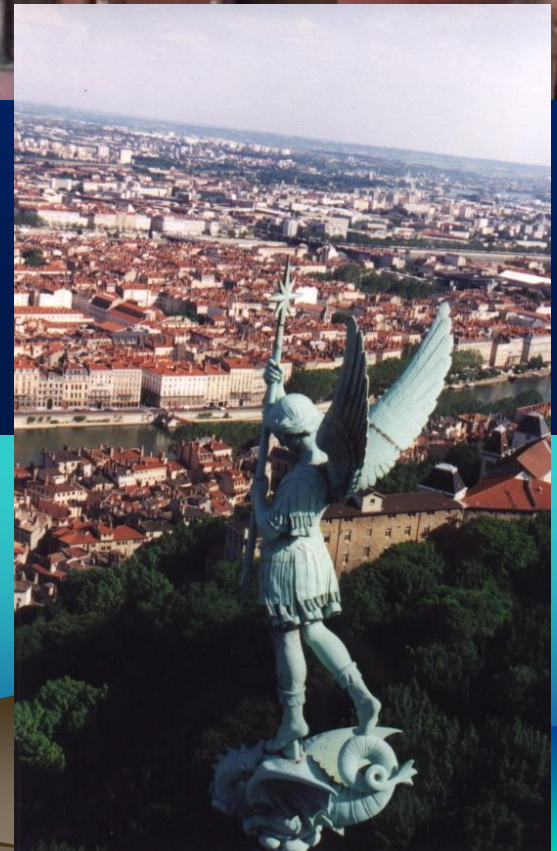

Merci aux sponsors !

Welcome to Lyon

- Listed in UNESCO World heritage
- Superb old city with lot of lodging facilities

And the food?

- Lyon is famous for his gastronomy !
- You will/must try the *bouchons* and *wines*

Lyon : place of the 1st computer !

Lyon : where computing and the information age began ?

- The **Jacquard** weaving machine - Designed in Lyon by Joseph Marie Jacquard in 1801
- Fabric design was punched in pattern cards
- Concept reused by Ada Lovelace
- Big social impact

Session

09 H 15 - 10 H 00 : Keynote : Azeddine Gati, (Orange Labs, Issy les Moulineaux) "Comment concevoir les futurs réseaux verts"

10 H 00 - 10 H 30 : Chris Develder, (Ghent University, IBBT, Belgium) - "Stratégies d'économies d'énergie pour les grilles et nuages optiques"

10 H 30 - 11 H 00 : Hugues Tournier, (Ciena, Canada) "Enjeux et solutions dans la dissipation de puissance dans les systèmes de transport optiques"
