

		S3a: September/October	S3b: November/December	S3c: January			
Lundi	8h			Understanding Molecular Simulation	Advanced Computational Chemistry		
	10h						
	14h	Computational Statistical Physics				MolSim winter school (Amsterdam)	RCTF winter school
	16h		Lattice Boltzmann				
Mardi	8h		Quantum Monte Carlo	or	or		
	10h						
	14h	Approche quantique de la réactivité catalytique					
	16h	Computational Statistical Physics	Quantum Monte Carlo				
Mercredi	8h			Computational Project	Computational Project		
	10h						
	14h	Computational Project: TP Scientific Software Development					
	16h						
Jeudi	8h	Density functional theory of solids and molecules (M1)		or	or		
	10h						
	14h						
	16h		Lattice Boltzmann				
Vendredi	8h			Literature Project	Literature Project		
	10h						
	14h						
	16h
